

EEO OUTREACH DESCRIPTION
Covering the period from 03/10/2007 – 05/31/2007

2007 INTERNSHIP PROGRAM

The Alpha Omega Broadcasting Television Production Class / Internship Program is designed to provide an introduction to television production. This class and internship is not designed to be an all inclusive television production course, but is designed to provide a basic foundation in several areas of television production. This series will focus on camera operations and techniques, master control operations, lighting and non-linear editing.

2007 MENTOR / TRAINING PROGRAM

Alpha-Omega Broadcasting Network has established a mentoring / training program designed to enable station personnel to acquire additional skills for higher level positions. KAZQ TV-32 has upgraded it's day to day operations and master control technologies. The mentoring program has taken the "old" Master Control manual procedures to the "new" automated "QC" system.
